

## Fountains On Fire

Elysian Fields

Last night in my dream  
I traveled for years and years  
Galaxies, centuries  
No one was there it was bare and arid  
Red earth, eternal dust  
Had to keep moving  
Walked for miles  
Fusing force broke the dials  
Now I'm there in the distance  
Heard them ringing  
Felt it stinging my insides  
Saw the trembling white  
Fountains on fire  
I've arrived  
Swallowed the spray  
Erase my face  
Kiss the curb  
Met the andrange dream  
Torch the final curtain  
Change my destiny  
In a shivering light  
Bathing in the shimmering white  
Fountains on fire  
I've arrived  
Down
