

## Off Or Out

Elysian Fields

Can't get you off or out of my head  
Head for the sound in your belly  
You need a soul to find you out  
Make you windy  
We were so windy  
Winding, flying, backwards, forwards, sliding  
Red light crazy shining  
Haze garden  
Pure strain highway  
Can't get you off or out of my head  
Red silver sounds in your belly  
You need a dream to drown you out  
Make you windy  
We were so windy  
Winding, dying, inside, sucking, outside  
Spouting heavy moonlight  
Daze, shotgun  
Pure stain my way  
Can't get you off or out of my head
