

Off Or Out

Elysian Fields

Can't get you off or out of my head
Head for the sound in your belly
You need a soul to find you out
Make you windy
We were so windy
Winding, flying, backwards, forwards, sliding
Red light crazy shining
Haze garden
Pure strain highway
Can't get you off or out of my head
Red silver sounds in your belly
You need a dream to drown you out
Make you windy
We were so windy
Winding, dying, inside, sucking, outside
Spouting heavy moonlight
Daze, shotgun
Pure stain my way
Can't get you off or out of my head
