

Bleeding

Elysion

This is my time you will forget it
And leave it all behind
This is my crime you will regret it
For once you had to fight
What I'll always will?

And I'm bleeding in a meaning
Insecure is how I'm feeling
I'm bleeding in a meaning

This is your time
I won't forget it
Won't leave it all behind
This is your crime
I won't regret it
For once I had to fight
What you'll never will?
