

## Bleeding

Elysion

This is my time you will forget it  
And leave it all behind  
This is my crime you will regret it  
For once you had to fight  
What I'll always will?

And I'm bleeding in a meaning  
Insecure is how I'm feeling  
I'm bleeding in a meaning

This is your time  
I won't forget it  
Won't leave it all behind  
This is your crime  
I won't regret it  
For once I had to fight  
What you'll never will?
