

They're waiting
Patiently for you to make a wish
And they break it
Like a dry leaf under their feet

I will be always a dreamer
Always fighting for more than I can have
I will be always a dreamer
And I'll never think I've had enough
Dreams come true if you believe it
Hit the breaks let no one on your way
I will be always a dreamer

Satisfaction
Under the mask of compassion they show
Their reaction
To my standing tall I yearn to know

I will be always a dreamer
Always fighting for more than I can have
I will be always a dreamer
And I'll never think I've had enough
Dreams come true if you believe it
Hit the breaks let no one on your way
I will be always a dreamer

Always a dreamer
Always wanting more
Always a dreamer

I will be always a dreamer
'Coz I will be always a dreamer

Always a dreamer
Always a dreamer

I will be always a dreamer

Always a dreamer
Always a dreamer
Always a dreamer
