

## Far from the edge

Elysion

I can see you walking  
I can hear you talking  
But in the end  
I'm alone again

Far from the edge I'm going  
I'm holding my last breath  
So many left unsaid  
If you could only see me  
I'm laying in your hands  
You'll never understand

Life or Death  
Can you find me the answer?  
I beg

I can see you walking  
I can hear you talking  
But in the end  
I'm alone again  
With my eyes of fire  
Burning my desire  
And in the end  
I'm alone again

Far from the edge  
I'm holding my last breath  
I feel so close to death  
If you could only hear me  
I'm crying while you stand  
I'm dying feel my hand

I can see you walking  
I can hear you talking  
But in the end  
I'm alone again  
With my eyes of fire  
Burning my desire  
And in the end  
I'm alone again

I can see you walking  
I can hear you talking  
But in the end  
I'm alone again  
With my eyes of fire  
Burning my desire  
And in the end  
I'm alone again
