

## In Despair

Elysion

Take me  
Carry me in your lair and break me  
Feed me your despair  
Many times I've bought every lie you sold  
Will this get me killed?  
Kill me if you will

I gave you my all  
I dare you to fall  
To slide down to hell, you see me yell  
Can you hear my call?

Make me pay in tears, but don't forsake me  
I've been dead for years  
Many lives I've seen pass before my screen  
Will this get me killed?  
Kill me if you will

I gave you my all  
I dare you to fall  
To slide down to hell, you see me yell  
Can you hear my call?
