

## Soundtrack To A Headrush

Emanuel

Slow roll quick drags.  
I'm gonna wrap my head in plastic.  
Yeah, so catch me when I...  
Fall down face first.  
I'm gonna scream gonna make it hurt.  
Yeah, so start the car and...

Drive me home. Because I need to be alone.  
Hold on tight. Could lose my grip or lose my mind.  
Well I guess I'm cool. If you are too.  
You always know just what to do.  
I guess it's fine it blows my mind, I say goodnight.

Slow turns bright skies.  
I'm gonna die man fuck a speed limit.  
Yeah, so catch me when I fall  
This is the end of everything.  
I take a breath and I choke I push it all back up.  
Yeah, so start the car and...

Drive me home. Because I need to be alone.  
Hold on tight. Could lose my grip or lose my mind.  
Well I guess I'm cool. If you are too.  
You always know just what to do.  
I guess it's fine it blows my mind, I say goodnight.

This was the first this was my last taste of the Technicolor.  
Why are you alone?  
Why are you alone?

Drive me home. Because I need to be alone.  
Hold on tight. Could lose my grip or lose my mind.  
Well I guess I'm cool. If you are too.  
You always know just what to do.  
I guess it's fine it blows my mind, I say goodnight.
