

Helpless

Emarosa

Are you saving up your money for the man you think you owe
You never had nobody and I can't let you go
Cause I know you're mine
Ooh, I know you're mine
No, no, no, no

If your body's broken, love, your heart is helpless, helpless
I know that you know
If your body's broken, love, your heart is helpless, helpless
You know I know, oh

In the bed you say you love it, I know you're losing hope
You never had nobody but you can't be too tough
And I know you're mine
Ooh, I know you're mine
No, no, no, no

If your body's broken, love, your heart is helpless, helpless
I know that you know
If your body's broken, love, your heart is helpless, helpless
You know I know, oh
If your body's broken, love, your heart is helpless, helpless
I know you know
If your body's broken, love, your heart is helpless, helpless
You know I know, oh

And I guess we're gonna make it after all

If your body's broken, love, your heart is helpless, helpless
I know that you know
If your body's broken, love, your heart is helpless, helpless
You know I know, oh
If your body's broken, love, your heart is helpless, helpless
I know you know
If your body's broken, love, your heart is helpless, helpless
You know I know
