

# Never

Emarosa

How can I live with myself  
Forgiving what I did, I'm not into this yet  
But I don't remember  
I know change comes from you

How can you live with yourself  
Loving me the way you did  
You treated it like ghosts  
But I'm scared to remember  
What I did to you

Never gonna leave  
Never gonna hurt you  
Just say "Yes"  
Never gonna leave  
Never gonna hurt you  
Just say "Yes"

Now I'll take my second chance  
And I'll show you what I have to give  
You know I never even noticed  
I didn't know that I was running from this  
And I want what I want  
And I'm not giving up  
And I know you feel how I have changed for us  
I did it

Maybe down the road  
When we have one little one in our hands  
I'm feeling, I'm feeling, I'm feeling,  
I'm feeling, I'm feeling some hope  
You know I cherish every moment  
You know I cherish you

Never gonna leave  
Never gonna hurt you  
Just say "Yes"  
Never gonna leave  
Never gonna hurt you  
Just say "Yes"

You know you matter so much to me  
All this time you've waited for me to show you who I could be  
I am giving this to you  
I see the man I need  
I see everything I wanted this to be and  
You know you matter so much to me  
I'm giving this to you
