

# Don't Know Her Name

Emblem3

No, no  
Ended up in my place  
Never told me her name  
When I woke up  
I was alone

I don't understand what  
Made her run away 'cause  
I felt like JJ  
We share the same soul

I wish  
I would've asked what she's about  
But she snuck out the back  
When the sun came out

Really wish that she had stayed  
Coulda' never left the bed all day  
Oh, but I don't even know her name  
Don't even know her  
I-I don't even know her name

Don't know her name, no

Runnin' down my street  
Asking everybody  
And they all tell me I'm out of my mind  
Staring at the ceiling  
I can't shake this feeling  
She forgot me  
And she's doin' alright

Wish I told her what she meant to me  
Coulda' had more than a memory  
Oh, but I don't even know her name  
Don't even know her  
I-I don't even know her name

You know you got me  
I'm fallin'  
Don't even know who you are, are  
I gotta fight you  
I really need to  
To hold a piece of my heart, heart

Wish I told what she meant to me  
(Wish I told her what she meant to me)  
Coulda' had more than a memory  
(So much more, baby, oh)  
Oh, but I don't even know her name  
Don't even know her  
I-I don't even know her name  
(Don't know her name, oh)

Don't know her name  
Don't know her name  
Don't know her-don't know her name

I don't even know her name

No, I don't even know her name
