

## Greedy Hands

### Embodiment

leave me greedy hands  
destroyer of hopes and dreams  
young judas, fall away  
disrupt my silence  
just sit back and be an american  
it's gone, my innocence  
fresh meat, children  
swallow those close  
it's gone, my innocence  
thief in the night  
do you even remember my name  
it's gone, my innocence
