

## Strength

## Embodiment

Take me up from this world can't you see the hurting inside?  
How you all him, to defile my person  
Invite infelicity and this world it tries to weaken my faith  
Buy you are my strength in this world of ignorance  
Blinded by sin I question your motives  
Leaving myself to abhorrent ways  
This devil is beaten I decollate your servants  
Sword of the Spirit I will defy you  
Lord you are so faithful with me everyday  
Your heart forever graceful assurance of victory  
In my heart and should no dominion  
The path that Christ walked I choose to live  
Death is swallowed up in victory  
My faith in God I will not shudder  
I will not shudder I choose to walk the way that Christ did  
Lord you are so faithful with me everyday  
Your heart forever graceful assurance of victory
