

## Failures

embrace today

I won't hide behind my fucking words or my failures  
I don't want you to fucking pray for me because  
I've been here a thousand times before  
I never know what the fuck is in store  
And I don't want you to fucking pray for me

I won't hide behind my fucking words  
Some believe that everything in life comes for free  
I will work until I bleed because anything doesn't come for free  
I've been here a thousand times  
I never know what the fuck is in store  
I don't want you to fucking pray for me  
And your days your fucking days won't come

When everything's the same  
You say that things will change  
Things won't change I will never hide behind my words  
Things won't change and I will never turn my back on my friends  
Things won't change
