

I Had a Time

Embrace

It takes this soul of mine to see you burst my heart
And I'll find
That there's a silver lining
You don't see
If we end it soon
It's clean and pure

And I won't hurt no more
Because I had the time of my life
For sure

It is true
A mountain like you
Ought to see
Which way they are going
What you've never dreamed
You can't lose
So stay so clean and pure

Enjoy
Don't hurt no more
Cos I won't see your smiling face
But I won't see your smiling fade
And know I had the time of my life
That day

Surely we could carry on
When you're left behind
With no good reason
It's a shame but the feelings never gone
Don't you know that I
I had a time

Surely we could carry on
When you're left behind
With no good reason
It's a shame but the feelings never gone
Don't you know that I
I had a time

Don't you know that I
I had a time
