

## One Big Family

Embrace

Get ready for the judge in me  
It's coming over, get on your feet  
All my goodness is all I got for you  
Have I shown you lately what my clan can do?  
I own your arse now by rights, yeah

We got family, we got family  
So when I call you up get y'all in  
We got family, we got family  
So when I call you up get y'all in

Get ready for the judge in me  
He's coming over, get on your feet  
All my goodness is all I got for you  
Have I shown you lately what my clan can do?  
I own your arse now by rights, yeah

We got family, we got family  
So when I call you up get y'all in  
We got family, we got family  
So when I call you up get y'all in  
We got family, we got family  
So when I call you up get y'all in
