

## Still So Young

Embrace

When mistakes don't end cause your still too young  
And your foolish games couldn't hurt no more  
You gave me nothing at all but the time of day  
It's no one's loss if you walk away

Don't take it wrong  
Your still so young  
Your foolish ways never hurt no more

You gave me nothing at all  
And you said goodbye  
And then I new you'd changed my life  
You'd changed my life  
Forever
