

## Memory Trace Of Our Time

Embraze

Like the autumn leaves I fall down with my sun  
I see a beautiful dream of you and me  
As we go together on street of autumn leaves

I woke up wet clothes on  
Frozen swan I am  
The doors are closed, no-one there  
They don't see, that someone is missing

And the cold wind blows so hard  
Loneliness tears me apart  
I walk alone like I used to do  
I was made only for you

Black bird flies over me  
I'm lying on the cold ground and  
I'm watching the clouds go by  
The autumn brings everything that I...

They say you gave up  
When you made your choice  
But I was the only one you woke up  
When you got your freedom  
Wanna get mine too

It is always so windy here  
Cold wind blows so hard, through my heart  
Children are flying against stonewalls making holes  
The holes are the memory trace of our time

And the cold wind blows so hard  
Loneliness tears me apart  
I walk alone like I used to do  
I was made only for you
