

Every Single Little Piece

Emeli Sandé

I'm giving all that I got so I got nothing to lose
Yeah, I'm ready to jump into your indigo blue
Ooh, ooh, here I am
And we'll be slow dancing through the rock 'n' the roll
And I promise that I'm catching you if ever you fall
Ooh, ooh, well here I am

Oh, every single little piece of me
Oh, every tear and every drop I bleed
Oh, every prayer and every breath I breathe
Oh, every single little piece of me

And if we run into trouble, know I won't disappear
While you've been spinning in circles
I've been standing right here
Ooh, ooh, well here I am

Every single little piece of me
Oh, every tear and every drop I bleed
Oh, every prayer and every breath I breathe
Oh, every single little piece of me

And all these stars, I'll reach out, collect them for you
All these nights I prayed and I've dreamt about you, yeah
Oh, here I am and I'm all yours, I'm all yours, yeah
All these songs I sang for you in the morning
Oh it seems I can't stop myself from falling, oh
Well here I am and I'm all yours

Every single little piece of me
Oh, every tear and every drop I bleed
Oh, every prayer and every breath I breathe
Oh, every single little piece of me, yeah
Every single little piece of me
Oh, every tear and every drop I bleed
Oh, every prayer and every breath I breathe
Oh, every single little piece of me

Every single little piece
Every single little piece of me, yeah
Every tear and every drop I bleed
Every prayer and every breath I breathe
With every single little piece of me
