

Happen

Emeli Sandé

There are a million more dreams being dreamt tonight
But somehow this one feels like it just might

Happen
Happen to me
Happen
Happen to me

I'm not really sure what I'm about
But with you I'm sure that I could work it out
I'm not certain who it is I'm praying to
But I know they gon' listen if you ask them to
I never really thought I could belong
When I lay beside you I know that I'm home
When I try but the words ain't coming
You know exactly where it is I'm coming from

There are a million more dreams being dreamt tonight
But somehow this one feels like it just might

Happen
Happen to me
Happen
Happen to me

There are a million more dreams being dreamt tonight
But somehow this one feels like it just might

Happen
Happen to me, yeah
Happen
Happen to me

To me
To me
To me
There are a million prayers being prayed tonight
But somehow this one feels like it just might
