

Mountains

Emeli Sandé

He said I'm gunna have a bed with lots of pillows,
And that were gunna build a house with lots of windows,
And when we have the kids we'll tell them to remind we of where
we were now
So we never get lazy...

Ahh eh We'll climb mountains, climb mountains together... (2x)

I'd never work these hours if I didn't love you,
My hands are always red and sunshine I sleep through,
If we say were gunna move somewhere with neighbours that's crazy,
You know I'm gunna be there cuz I trust my baby.

Ahh eh Well climb mountains climb mountains together... (2x)

I keep my fingers crossed that were gunna be able,
I touch the wood for luck on our broken table,
I know that it r hearts that's gunna save us,
If we never come back how can they blame us...

Ahh eh Well climb mountains, climb mountains together (4x)
