

Right Now

Emeli Sandé

Don't you dare say
Don't you dare say tomorrow
Don't you dare say
Don't you dare say tomorrow

I'm talking 'bout right now
Who's gonna love me right now?
I'm talking 'bout this very second
I need you to love me right now

Yeah, don't you dare say
Don't you dare say tomorrow
Yeah, don't you dare say
Don't you dare say tomorrow

I'm talking 'bout right now
Who's gonna love me right now?
I'm talking 'bout this very second
I need you to love me right now
