

## Peace Country Boys

Emerson Drive

One hot Alberta day, we loaded up our Chevrolet,  
Headed down to the lake to meet the boys.  
Six pack and fishin' pole try our luck at our fishing hole  
Just an average weekend with  
some good'ol country boys.

And the only woman that we'll let out here  
Is Mother Nature if she brings some beer  
It's our only chance to make some noise  
With the good Peace Country Boys.

Well we pulled out our guitars and started to rock  
The fish were jumpin' at the end of the dock.  
Sittin' round the fire drinkin' our beer.  
Order up another round just tryin' to improve our sound  
Thankin' to God that the women were not here.

LET'S GO FISHIN' BOYS!!
