

# Redneck Highway 101

Emerson Drive

Speedin' the down freeway  
Tryin' to make some time  
I pull into school, it's 5 to 9  
Run down the hall to make the 9 o'clock check  
But you don't have to go if you're a real Redneck  
Too many times I've heard it this way  
Two lates equal one absent day  
I got my ropers on and I'm ready to ride  
But the seat in my truck is just a little too wide  
My girl's on the left and the boys on the right  
I hope she knows she'll be alone tonight  
I don't know how it always ends up this way  
There's time for girls on another day

Hop in the cab  
Turn the radio up  
We're heading down to Lefty's for some fries and ketchup  
To them girls in the shiny pink cadillac

There's three in the front and four in the back  
Slid'er into gear boys were headed for fun  
Cruisin' down Redneck Highway 101

Well the sign says 80 but we go 45  
Got the pedal to the metal just to keep it alive  
Truck broke down along the way  
Cut across farmer Jim's field of hay  
Hot wired the Deere and then we headed to town  
Thank God there were no cops around
