What About Now

Emerson Drive

The sign in the window said for sale or trade On the last remaining dinosaur of Detroit main Seven hundred dollars was a heck of a deal For a four hundred horsepower jukebox on wheels

And that road rolls out like a welcome mat
I don't know where it goes but it beats where were at
We always said some day some how
Were gonna get away, gonna blow this town

What about now, how 'bout tonight baby for once lets don't thin k twice

Let's take that spin that never ends that we've been talking ab out

What about now, why should we wait, we can chase these dreams down the interstate

And be long gone fore the world moves on and makes another roun d

What about now

We've been putting this off baby long enough Just gimmie the word and we'll be kickin up dust We both know it's just a matter a time Till our hearts start racin for that county line

What about now, how 'bout tonight baby for once lets don't thin k twice

Let's take that spin that never ends that we've been talking about

What about now, why should we wait, we can chase these dreams down the interstate

And be long gone fore the world moves on and makes another roun $\ensuremath{\mathtt{d}}$

What about now

We could hang around this town forever makin plans But there won't ever be a better time to take this chance

What about now, how 'bout tonight baby for once lets don't thin k twice

Let's take that spin that never ends that we've been talking about.

What about now, why should we wait, we can chase these dreams down the interstate

And be long gone fore the world moves on and makes another roun d

What about now -Yeah - Oh oh
