

Devastation Hands

Emerson Hart

You got your pieces and you got your pawns
You got devastation hands
Life that leads like insanity
What you need is you need

Little something that will take the edge off
Just a little push get you to the ledge
You can jump it from
When you're jumpin'

Only you would ever know again

Live for love but love's all gone
Surround yourself with genius
But the meanness is enough to kill someone
So you learn what you learn

You drink your blessings and you take your pills
You look for something better
So lost your will to save yourself
So the hurt keeps comin?

Only you would ever know who was your friend

I know what you need
You need someone to help you tonight

Only when you're here can I feel like this
I put my arms around you
And only when you smile does it hurt like this
Just let somebody love you

I know what you need
I know what you need, yeah
I know, I know what you need tonight
