

# Generation

Emerson Hart

You're coming up like a flower  
You're coming up through the cracks that live ?round here  
Everybody know we have no fear

We are the wind of change change coming  
We take a stand where so many never go  
We will shout it out to let you know  
This is my generation

We want an answer to the questions  
We wanna knock down all the walls they built for you  
We wanna know the truth not be lied to

We want to know the face of freedom  
We want to make a place where we can learn to love  
Build a world that we can be proud of  
This is my generation

'Cause we just wanna dance all night  
Live inside the spark of life  
This might be the only time around

'Cause we just wanna dance all night  
Live inside the spark of life  
This might be the only time around

You're coming up like a flower  
You're coming up through the cracks that live ?round here  
Everybody knows we have no fear  
This is my generation
