## Dear Death, Pt. 1

Just hear me out This was all my fault Now you've brought me death And it everything I wanted It's the wrong side of fear that kept me out It's the wrong inside that fills my mouth It's left me without In this darkness I've given my ground But know, this night will be mine But know, this night will be mine Will be mine...

Esta noche seró mia. Esta noche seró mia. Esta noche seró mia. Esta noche seró mia...
