

# Don't Bore Us, Get to the Chorus

Emery

He's never gonna go away  
He's never gonna go away  
He's never gonna go away  
He's never gonna go away  
He's never gonna go away  
He's never gonna go away

So we sit and we wait  
For the curtains to fall  
And there are words we could use  
But should never say at all  
But you do, you do, you do  
You do, you do, you do  
We met in the courtyard  
Where no one would notice  
Two kids contemplating  
All high school had shown us  
And I told you I loved you  
And I knew you believed it  
As I quited my conscience  
Hoping you wouldn't see it  
But I do, I do, I do  
I do, I do, I do

I just want to be with you tonight  
The mood is set and we're here by candlelight  
I paid my dues so don't be rude  
Stop putting up a fight  
I just want to get with you tonight

But "No" they say  
What doesn't kill you  
Makes you stronger  
But the questions remain  
Until you can't take it any longer  
But I am still so young  
And I didn't know I could be so dumb  
And you your still so young  
But now I know that your so dumb

He's never gonna go away  
I'm never gonna go away

I just want to be with you tonight  
The mood is set and we're here by candlelight  
I paid my dues so don't be rude  
Stop putting up a fight  
I just want to, I just want to, I, I, I,  
I do, I do, I do,  
I do, I do, I do,

So what about you  
Never satisfied  
I'm never satisfied  
Never satisfied  
So let them all fall  
Side by side

Side by side  
One more will fall tonight
