And what you said, it was a lie
You said too much
And what you said it was a crime

And what you said, it was a lie, lie, lie
And what you said, it was

The harder we fall
The closer we are
Well I don't feel blue
When I'm with you

You said too much
And what you said, it was a lie, lie, lie
And what you said, it was a lie, lie, lie
And what you said, it was

This time I don't feel so blue
When I'm with you, when I'm with you
This time I don't feel so blue
When I'm with you, when I'm with you

And what you said, it was
