

# Happy Times

Emigrate

Sanitized from hurt  
I need some  
Hypnotizing dirty loves songs  
Talking angels in my bed, oh  
Tie their hair around my head, so  
A disguise in words  
I need some

Took a dive and I beat on  
The body loves  
What it's never gonna become  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong

Little prize unheard  
I bleed some  
Exorcising dirty demons  
Biting hands from which they're fed, oh  
Eating words all left for dead, so  
Bunny, rat I stirred  
I bleed some

Took a dive and I beat on  
The body loves  
What it's never gonna become  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong

Took a dive and I beat on  
The body loves  
What it's never gonna become  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong

Took a dive and I beat on  
The body loves  
What it's never gonna become  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong

Took a dive and I beat on  
The body loves  
What it's never gonna become  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong

Took a dive and I beat on  
Sadder eyes gonna lean on  
Took a dive and I beat on  
Sadder eyes gonna lean on  
Happy times  
Where they said they gonna belong
