Emil Bulls

Life is a game we should play according to the rules
But where is the fun then we're not allowed
To play tricks sometimes

Burn baby burn baby burn your heart for me
Smile baby smile baby
Let the sun shine for me

Nothing exceeds like excess - it's hard to say no
Boy make a wish take a bite that apple is waiting for
you

Burn baby burn baby burn your heart for me
Smile baby smile baby
Let the sun shine for me

I know the stakes are high
Welcome to the limit
Close to the cigar
It's the role of the dice

Burn baby burn baby burn your heart for me
Smile baby smile baby
Let the sun shine for me

Just smile and let the sunshine in
It makes me feel alive tonight
Just go on

Burn baby burn baby burn your heart for me
And make me smile baby smile baby
Let the sun shine for me
