

Ignorance Is Bliss

Emil Bulls

Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive

The tide shifts the sand, the waves corrode the shore
Cancer will eat us all, we'll surrender one by one

Greed took all emotions from me
Protect me from what I want

Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna Push rewind
Another sleepless night, it's eating me alive

Tracks lead to stations, I'm going nowhere
Dullness will kill us all. We'll be dreaming on and on

Greed took all emotions from me
Protect me from what I want

Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive

Greed took all emotions from me
Protect me from what I want

Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
Another day goes by, I wanna push rewind
Another sleepless night, it's eating me alive
