

Lessons From Losses

Emil Bulls

Dear hesitation
get out of my way
I'll pick a fight with you
and you know I will win
with legions of ideas up my sleeve
I'm alone in my beliefs
go paddle your own canoe
you can't walk in my shoes
don't you ever dare

Chorus (2x)

I won't stop until I hold all the aces
this time I'm gonna go for gold
I've learned my lessons from losses
the lamb in me became a lion

goodbye resignation
I gotta get rid of you
I won't bury my head in the sand
persistence will prevail
when the past is coming back to haunt me
I'm not the one to bow and scrape
I escape into the future
to expand my way
don't you ever dare

Chorus (2x)

I'll never bury my head in the sand
I'm not the one to bow and scrape
your sinister vibes can't bring me down
the lamb in me became a lion
you will never get me (3x)
you can't bring me down

Chorus (5x)

I'm gonna go for gold (3x)
