

Revenge

Emil Bulls

Improvise, modify, adapt, overcome
Improvise, modify, adapt, overcome
Improvise, modify, adapt, overcome
Improvise, modify, adapt, HellFire!

We all lay down with dogs now we got the flees
We put gas in the fires of our enemies
Our excesses are known, our successes not
Wasting time, fighting rules, coming out to pull

Improvise, modify, adapt, overcome
Improvise, modify, adapt, overcome

This is the time, this is the place for the great
revenge
This is the day to say FireFuckYou

It is the anger, it's the hate that motivates
We rise from the ashes with our FireFuckYou

Yes we know all that's been, was a comedy
And we dug our own grave o the tv screen
But the pack's got the strenght to take its mistakes
We can pull ourselves out of any hole

Improvise, modify, adapt, overcome
Improvise, modify, adapt, overcome

This is the time this is the place for great revenge
This is the day to say FireFuckYou

It is the anger it's the hate that motivates
We rise from the ashes with our FireFuckYou

The more you hate, the more you learn
We know it will hurt a lot, but in the end you'll rise.

This is the time this is the place for the great
revenge
This is the day to say FireFuckYou

It is the anger it's the hate that motivates
We rise from the ashes with our FireFuckYou

Hey you, this is the great revenge
This is the day to say FireFuckYou

Hey you, this is the great revenge
This is the day to say FireFuckYou all
FireFuckYou all
