

# The Coolness Of Being Wretched

Emil Bulls

Whiskey vine dope stale cigarette smoke mud blood beer stale cigarette smoke.....

I`m so mean I make medicine sick alright

Don`t waste all my batteries killer of my fantasies

I`m drowning taking hold of me

I`m loosing my grip on reality

I`ve lost all my fantasies

And I`ve got the vigor of a five second porno stream

A monster creeps inside of me

It`s sucking all my energy

I`m aching for serenity

Corrosion of mind takes hold of me

I`ve lost all my fantasies

And I`ve got the vigor of a five second porno stream

Deteriorated to the level of a dumb beast

I beg your pardon but that`s the real me

I`m so mean and evil I make medicine sick

A fool creep burning effigy

Behaving rudimentary

Makes it all easy

Makes living easy

Whiskey vine dope stale cigarette smoke mud blood and beer

I`m so mean I make medicine sick alright
