

The Coolness Of Being Wretched

Emil Bulls

Whiskey vine dope stale cigarette smoke mud blood beer stale cigarette smoke.....

I`m so mean I make medicine sick alright
Don`t waste all my batteries killer of my fantasies
I`m drowning taking hold of me
I`m loosing my grip on reality

I`ve lost all my fantasies
And I`ve got the vigor of a five second porno stream

A monster creeps inside of me
It`s sucking all my energy
I`m aching for serenity
Corrosion of mind takes hold of me

I`ve lost all my fantasies
And I`ve got the vigor of a five second porno stream
Deteriorated to the level of a dumb beast
I beg your pardon but that`s the real me

I`m so mean and evil I make medicine sick
A fool creep burning effigy
Behaving rudimentary
Makes it all easy
Makes living easy

Whiskey vine dope stale cigarette smoke mud blood and beer
I`m so mean I make medicine sick alright
