All play and no work makes christ a dull boy
His life`s a misty lane
I`m waiting for the night -to come
I`m waiting for the spots -to shine
I invite all my friends to be part of this dream

Tonight something extraordinary is possible
There`s no right or wrong to our way
This day is mine this day is yours
Take a deep breath - it`ll blow your mind
Sample the moment - loop it again
Tape this day and rewind it

I know you never get enough ... ha... are you ready ... let`s g
o

Come feel the blood rush into your head
The sound it creates in your ears
We`re gonna dance tonight - for sure
We`ll get our curtain call - once more
Yes tonight we`re the boys with the most cake and toys
