

Tomorrow I'll Be Back Home

Emil Bulls

Down, now what's up baby
This is for my whole crew
Comizua fellas, Uh
Emil Bulls (Haha), Pain in the Ass (Haha), Such a Surge
Gimme more, gimme more
Give an app for the Style School

Now it's calm all around this place
Nothing recalls of what happened right here (of what happened right here)
The show is over and we say goodbye
All that remains is a strange kind of fear

A long time I've been waiting for that thing to come
Am i wasting my life
By doing the thing I love
Am I the type of guy
Who never ever really could be loved

It's like a pain in the ass
I'm crushed by the longing for feeling you next to me (you next to me)
It pricks like hot needles in my eyes
I'm afraid of things I realize

Oh tonight I don't want to sleep alone
Am I wasting my life
By doing the thing I love
Am I the type of guy
Who never ever really could be loved

DJ ZamZoe turn it on

A long time I've been waiting for that thing to come
Am I wasting my life
By doing the thing I love
Am I the type of guy
Who never ever really loves
Am I wasting my life
Who never ever really loves
Am I the type of guy
Who never ever really...

Tomorrow I'll be back home
