

Before I Fall

Emilia

You almost swept me off my feet
I can't believe the things you're saying
How did you find my side of the street
Before you make my dreams come true
Before my life starts rearranging
I wanna know all the sides of you

So tell me everything
And start at the beginning
All your hopes and fears
Ooh baby, my heart is all here

Before I fall
I wanna know what you're feeling
Before I fall
Before my heart goes dreaming
I wanna know this is love
My heart can't believe it
I wanna know before I fall

I want to know about your past
I want to see into your future
But I don't want to go too far too fast
Before I take this crazy ride
Before you wrap me around your finger
I wanna know who you are inside

So tell me everything
And start at the beginning
All your secret dreams
Just show me, you are who you see

Before I fall
I wanna know what you're feeling
Before I fall
I wanna know this is love
My heart can't believe it (no no)
I wanna know before I fall

So tell me everything
And start at the beginning
All your secret dreams
Oh show me, you are who you see

Before I fall, I wanna know

Before I fall
I wanna know what you're feeling
Before I fall
Before my heart goes dreaming
Before my heart goes dreaming

I wanna know this is love
My heart can't believe it
I wanna know before I fall
