

Find It

Emiliana Torrini

Haaaaaaaaaaaaaaaaaaaaaaaaaaaa!

Come rescue lunatic skies
All red destruction
Sun rising more directly on my head

I've got to find the direction to follow
Something that's mine, not something i borrowed
Each day i wait, heaven still wait on me

Find it
I've got to find it
Get me behind it
Someplace for me, yeah!

Find it!
Find it!
Find it!
Fiiiiind it in meeeee, mm-mm-mm!

I need the leatch from watching you
You dont satisfy me enough today
Time is still near when i will be gone away

Where will you follow, right by the crimson
Dressed in a long black wedding-gown
I've got to find my action by my own

Find it
I've got to find it
Get me behind it
Someplace for me, yeah

Find it!
Find it!
Find it!
Fiiiiind it in me, mm-mm-mm!

Open my eyes to lunatic skies
All red destruction
Sunrising morning empty up my head

Find it
I got to find it
Get me behind it
Someplace for me, yeah

Find it!
Find it!
Find it!
Fiiiiind it in me, mm-mm-mm!

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaaahhh!

Find it
I got to find it
Get me behind it

Someplace for me, yeah

Find it!

Find it!

Find it!

Fiiiiind it in me, oo-oo-oooh!
