

Is It My Body

Emilie Autumn

What have I got
that makes you want to love me?
Is it my body?
Or someone I might be?
Or somethin' inside me?

You better tell me. Tell me!
It's really up to you.
Have you got the time to find out
who I really am?

What does it take
to get inside of your mind?
Give me a break
and take a chance for the very first time!

You better tell me. Tell me!
It's really up to you.
Have you got the time to find out
who I really am?

What have I got
that makes you want to love me?
Now is it my body?
Or someone I might be?
Or somethin' inside me?

You better tell me. Tell me!
It's really up to you.
Have you got the time to find out
who I really am?
