

# Ballad Of The Big Machine

Émilie Simon

Baby I'm tired, I'm tired of you  
You never go where I want you to  
Just like smoke just like wind  
You escape to the big machine

I don't like what I see  
Why don't you want to dance with me  
At the end of the day  
I will catch you anyway

In this world nothing's real  
All you see just happens in your head  
Just like a dream  
A very long night  
Don't get me wrong  
This time I'm here for you

For you

Baby please let me in  
I can swear my hands are clean  
You can fight but you can't win  
Cause you belong to the big machine

In this world nothing's real  
All you see just happens in your head  
Just like a dream  
A very long night  
Don't get me wrong  
This time I'm here for you

For you

Oh je sens toute ta peine  
Tu n'en vois pas le bout  
Laisse-moi prendre ta place  
Ou j'en deviendrai fou

Baby please let me in  
I can swear my hands are clean
