

# Holy Pool Of Memories

Émilie Simon

I took the first plane I could  
I don't think I understood  
But I crossed the river  
Nothing else matters  
But the beating of our heart

And I hope that you can hear me  
I hope that you can hear me  
Baby you're my hero  
You are young and you are strong  
No, I'll never let you down  
I'll find you in the caverns of the dark

The cave is larger than I thought  
Cold walls breathe and start to talk  
There are words and there are tears  
And a thousand dreams and chills and fears

I hear you walking in the sand  
Just behind me, take my hand  
Now I'm floating in the air  
And you're sleeping deeply there  
I'm here

Everybody's praying  
And I know you can feel us all  
I'm learning for the first time  
That the only thing that counts is love  
Only love

You said we crossed the river  
'Cause we missed each other  
Our love can't disappear  
You were right, look I'm here  
Oh I know that you can hear me now

Everybody's praying  
And I know you can feel us all  
I'm learning for the first time  
That the only thing that counts is love  
Only love

If I turn around and find you gone  
Then my tears will flow forever on  
Into a holy pool of memories  
I will always keep our memories
