

Ice Girl

Émilie Simon

You were looking for someone to keep you warm
You found me
You were looking for someone to dry your tears
You found me
You were looking for someone to not be alone
You found me

But I'm the ice girl freezing you
I am the ice girl
I'm the ice girl freezing you
The ice girl
I'm the ice girl freezing you to the bone
But now i'm gone

You were looking for someone to comfort you
You found me
You were looking for someone to make smile
You found me
You were looking for someone, for somebody
But not for me

But I'm the ice girl freezing you
I am the ice girl
I'm the ice girl freezing you
The ice girl
I'm the ice girl freezing you to the bone
But now i'm gone
