

Rocket To The Moon

Émilie Simon

Baby, Baby, whatcha' gonna do
Baby, Baby, I leave it up to you
Baby, Baby, it's your move
Are you gonna take this ride
What do you say
Baby, Baby, don't be late
I've got no time, I'm in a rush
I'm in a rush

I'm a rocket to the moon
I'm headed to the stars
The world is microscopic
I see it from afar
I'm saving you a seat
I know just what you need
You're always on the ground

Baby, Baby, I'm pushing you away
Baby, Baby, you don't have to stay
Baby, Baby, if you do
You'll know that what I say is true
Baby, Baby, don't be late
I've got no time, I'm in a rush
I'm in a rush

I'm a rocket to the moon,
I'm leaving very soon
You may press the button
Anytime you please
I'm ready to depart
You know where we are
And I know where to go

Baby, Baby, whatcha' gonna do
Baby, Baby, I leave it up to you
Baby, Baby, whatcha' gonna do

I'm a pioneer
I am the first
Woman on the earth
To make you feel this way
I'm saving you a seat
I know just what you need
You're always on the ground

A rocket to the moon
A rocket to the moon
A rocket to the moon
A rocket to the moon
