

The Animals

Emily King

Big teeth in your face
Claws like a razor blade
Never again will I ever be friends
With a big bad wolf like you

Poison that will eat you alive
Tone like a dragon fire
Never again will I ever be friends
With a creepy little snake like you

Chorus:
I didn't learn the first time
But (ooh) I learned the second time
Never again will we ever be friends
They told me don't feed the animals (no)
Didn't learn the first time
Lord I learned the second time
Never again will we ever be friends
No I won't feed the animals (no)

[Repeat verse 1 and 2]
Chorus

(Don't feed the animals)
Almost had me down
(Don't feed the animals)
But I know now
(Don't feed the animals)
Ain't no frenemy
The enemy
(Don't feed the animals)
Tried to make me bleed
(Don't feed the animals)
On my knees
(Don't feed the animals)
But I'm still mad
You better run and hide
(Don't feed the animals)
Almost had me by the skin of your teeth
(Don't feed the animals)
Tried to bite it but you couldn't catch me
(Don't feed the animals)
Ooh thought I'd run and hide
But I'm still mad
(Don't feed the animals)
Just go fool make my day
Just go on and never look back
(Don't feed the animals)
Don't feed
