

Get Yer Yah Yah's Out

Emily Osment

I'm so wired, so inspired
I'm so ready to fly
On a crash course going full force
Gonna get off tonight
These moves I make, these words I see
Drown out the noise of yesterday

Will they take me down?
Blow it up inside the sound
When it gets a hold of me
I'm the place you wanna be
Situation overload
I got your anecdote right here
Feel it pumping through the air

Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight
Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight

All you hipsters on the listers
All you sisters grab your misters
Rock and rollsters, all you posers
All your north, south, east to west coasters
These moves I make, these words I see
Drown out the noise of yesterday

Will they take me down?
Blow it up inside the sound
When it gets a hold of me
I'm the place you wanna be
Situation overload
I got your anecdote right here
Feel it pumping through the air

Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight
Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight

Let the rhythm take me down
Let the rhythm take me down

Will they take me down?
Blow it up inside the sound
When it gets a hold of me
I'm the place you wanna be
Situation overload
I got your anecdote right here
Feel it pumping through the air

Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight
Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight

Get yer yah-yah's, get yer yah's

Get yer yah-yah's, get yer yah-yah's out tonight
Get yer yah-yah's, get yer yah's
Get yer yah-yah's, get yer yah-yah's out tonight
