

Does that make sense to you

Emily's Army

Does that make sense to you?
Another broken heart in two
All of the people in this world
Besides you

We're at the top of the world today
Nothing standing in our way
But again you comes tomorrow

Another day just filled with sorrow
Come and look at me
As i drown off in my sea

Does that make sense to you?
Another broken heart in two
All of the people in this world
Besides you

Fix the top upon my T-shirt
With me off before I get her
Know I tear today

Where I'll go to anyway
Come and look at me
Before I drift off to the sea

Does that make sense to you?
Another broken heart in two
All of the people in this world
Besides you

Does that make sense to you?
Another broken heart in two
All of the people in this world
Besides you
